NEW

Single line voice logger with answering machine | DUET

DUET is a single line voice logger with answering machine for analog line.

Different from other AR series, DUTE supports SD card as storage media instead of HDD.

All the functions i.e. configuration, records searching, and playback of the call records can be operated directly on DUET.

Recording / Answering dual functions

Single line voice logger with answering machine | DUET

APPEARANCE

Excellent design ~ brings you more convenient life ~ ~

SD card storage

Convenient to replace and carry
